Dear Mr. Lueders,

Thank you for your email. The City is actively processing your records request (PR2018-208).

The Wisconsin Supreme Court has held that, "what constitutes a reasonable time for a response by an authority 'depends on the nature of the request, the staff and other resources available to the authority to process the request, the extent of the request, and other related considerations.'" *WIREData, Inc. v. Vill. of Sussex*, 2008 WI 69, ¶ 56, 310 Wis. 2d 397, 751 N.W.2d 736.

The public records request you recently submitted to the City is complex insofar as the records that are responsive to your request require a line-by-line review, which is a time consuming process. Due to the nature of your request, the limited staff and other resources available to the City to process requests, and other related considerations, such as recent closings due to severe weather, your request is not yet ready for release. However, we expect to have these records ready for release within the next ten business days. We appreciate your patience.

If you have any questions or wish to receive additional status updates regarding your request, please do not hesitate to contact this office by replying to this email. Thank you.
